

For developers and software publishers of Java applications for desktop, code signing reduces error messages and builds trust in your reputation. Thawte Code Signing Certificates for Java authenticate your identity and validate code integrity.

Key Features

- Digitally sign .jar files for desktop platforms plus Netscape Object Signing.
- Recognized by Runtime Environment (JRE).

Key Benefits

- Show customers that your code or content is safe to download and reduce security warnings.
- Protect your brand and your reputation with a trusted digital signature.
- Reduce the cost of maintaining code with a free timestamp.

Corporate Headquarters

Adweb Technologies Pvt. Ltd.
309 Shree Krishna Commercial Centre,
6 Udyog Nagar, Off SV Road,
Goregaon West, Mumbai 400062. India.
